Food and Drug Administration

Rockville, Md. 20857

Dear Dr. Henney:

Please ban the use of medically  
important antibiotics to promote  
animal growth.

This practice lowers the effectiveness  
of antibiotics for human disease,  
thus preventing cures previously  
workable. Humans therefore are  
"ingesting antibiotics" in the food we eat.

Please help this situation.  
Thank you.

Sincerely

Lillian Perlman
